Pittsburgh Public Schools is pleased to announce internship opportunities for the 2019-2020 school year. We will be seeking three qualified School Psychology Interns to work as an integral member of the Psychological Services Department. Specific aspects of our internship will include but are not limited to the following:

- Management of all Psychological Services, under supervision, for one school building.
- Participation in the continuum of school psychological services including professional staff development, pre-referral consultation, counseling, psychological evaluations/re-evaluations, and consultation for Individualized Education Plans and Section 504 Service Agreements.
- Completion of Equitable Participation evaluations within non-public school settings.
- Participation in evaluations throughout the district to provide a breadth of experience, as well as the potential to develop in depth evaluation skills tailored to program requirements.
- Consultation and evaluation for our English Language Learners.
- Participation in professional development and team-based problem solving for district-level initiatives.
- Provision of Counseling as a related service (individual and small-group) within Emotional Support programs.

The School Psychology Intern will receive an anticipated stipend of $25,000-$30,000 paid evenly over a 10-month period from September to June. Required hours will follow the school calendar with traditional holidays off. Interns will be supervised by Certified School Psychologists at both the specialist and doctoral levels. Application packets should contain resume, transcripts, and two letters of recommendation. Materials may be sent to the below address.
